

NEWS TERSELY TOLD.

William Russell, the new American minister, today presented his credentials to President Castro, of Venezuela, by whom he was cordially received. Fire at the plant of Weir & Craig, manufacturing company, 2421 Wallace street, Chicago, Ill., caused a loss of \$70,000 early today. The firm manufactures plumbing supplies. Fire broke out this afternoon in the steamer of the White Star line steamship, at Liverpool, Eng. The extent of the damage is not yet known. The steamer is scheduled to sail for New York today. The United States government building at the Louisiana Purchase exposition, erected at a cost of \$500,000, has been sold to a wreckage company for \$100,000. The steel trusses in the structure alone cost \$10,000. The national convention of the National Municipal Electricians convened at Erie, Pa., today. Delegates from all parts of the country are in attendance and the program includes discussion of many important topics. The schooner yacht Elmina, of the New York Yacht club, owned by F. H. Brewster, of New Haven, won the ocean yacht race of 357 miles from Marblehead to Halifax, crossing the finish line at 9:25:18 a. m. today. Charles King, the American who was to be hanged September 1 at Ottawa, Ont., has been granted a reprieve until September 30. The inauguration of Albert as new governor is to take place on September 1, and the government postponed the hanging on that account.

Cured Hay Fever and Summer Cold. A. J. Nushbaum, Batesville, Ind., writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several medicines which seemed to only aggravate my case. Fortunately I insisted upon having Foley's Honey and Tar and it cured me. My wife has since used Foley's Honey and Tar with the same success." J. W. McCollum & Co.

Twenty Injured in Collision. New York, August 24.—Twenty persons were injured, some of them very seriously, in a collision between two trains in one of the Brooklyn Rapid Transit terminals at Coney Island, early today. The injured were hastily removed to the hospital and after their wounds had been dressed most of them were able to go home. The wreck was caused by a train entering the Terminal and striking a crowded one about to leave for the city. Windows were broken, the first car was partly smashed and the overhead wires broken. Falling wires coming in contact with the tracks sent up thick masses of sparks and there was a wild panic among the passengers during which many women were trampled under foot.

A Worm Killer. J. A. J. Montgomery, Puxico, Wayne county, Mo., writes: "I have little twin girls, who have been bothered with worms all their lives. I tried everything to relieve them, which failed until I used White's Cream Vermifuge; the first two doses brought four worms from one of them, the next two doses, twelve, one of them measuring twelve inches; the other child was only relieved of four worms. It is an excellent medicine." White's Cream Vermifuge is good for children. It not only destroys worms—it helps the child to perfect growth, wards off sickness. Sold by W. M. Johnson.

Cure for Leprosy Discovered. Manila, August 24.—What appears to be a well authenticated instance of the cure of leprosy by the X-ray treatment has been found here. A few weeks ago a patient who had been afflicted with leprosy, and who had been under treatment for that disease, died of liver complaint. After the patient's demise every part of the body was subjected to a searching microscopic examination by bacteriologists, but not the slightest trace of leprosy could be found. Dr. H. B. Wilkinson, the physician who treated the patient for leprosy, is a graduate of the University of Virginia, class of 1894.

Another Good Man Gone Wrong. He neglected to take Foley's Kidney Cure at the first signs of kidney trouble, hoping it would wear away, and he was soon a victim of Bright's disease. There is danger in delay, but if Foley's Kidney Cure is taken at once the symptoms will disappear, the kidneys are strengthened and you are soon sound and well. A. R. Bass of Morgantown, Ind., had to get up ten or twelve times in the night, and had a severe backache and pains in the kidneys, and was cured by Foley's Kidney Cure. J. W. McCollum & Co.

Cattle Has Texas Fever. Columbus, Ga., August 24.—Texas fever has been discovered among cattle around Midland, Hamilton and West Point, Ga., and Opelika, Ala. A veterinary surgeon of this city has just made trips to those places and is satisfied that it is genuine Texas fever that has appeared. The fever is conveyed from one cow to another by means of a tick, the method of transmission being inoculation. The disease is not necessarily fatal, but often causes many deaths among cattle when they are not properly treated.

Given Up to Die. E. Spiegel, 1204 N. Virginia St., Evansville, Ind., writes: "For over five years I was troubled with kidney and bladder affections which caused me much pain and worry. I lost flesh and was all run-down, and a year ago had to abandon work entirely. I had three of the best physicians who did me no good, and I was practically given up to die. Foley's Kidney Cure was recommended and the first bottle gave me great relief, and after taking the second bottle I was entirely cured." J. W. McCollum & Co.

Court Ignored by Railroad. Macon, Ga., August 24.—Business men from Augusta say that the railroads have paid little attention to the spirit of the injunction recently issued by Judge Spear to prevent them from so discriminating against the Augusta river line of steamers that freight cannot be carried from Augusta to the east except by rail. It is said that the roads have taken off the through rates, and arranged the locals so that the steamers cannot touch the business.
